Note to Contributors

*Best Evidence of Chinese Education (BECE)* is published under the auspices of the *Best Evidence in Brief (BEiB)* (http://www.cnbeb.org.cn:81/) to provide authoritative, critical surveys on the current status of subjects and problems in the diverse fields of Chinese education.

*BECE* accepts both original submissions to the journal and the English version of those that have been published in Chinese, which first must be reviewed and approved by our worldwide distinguished expert editors as well as released on the *BEiB* website. *BECE* publishes five types of manuscript: Editorial, Newsletter, Original Article, Article, and Review. Editorial is an invited perspective written by our editors. Original Article must be the first edition to the journal without submissions anywhere else. Newsletter and Article should be the English version of the original Chinese version, and they should be solicited and cutting-edge in contents in corresponding research fields. Review Article needs to be invited by our editors prior to submission.

All original submissions and selected manuscripts that have appeared on the *BEiB* website need to be submitted online (http://scinedu.bonoi.org/basicpage/submission) to the system for being processed further. In addition, the following suggestions may serve as a general guide.

Authors should note that they are writing for an international audience. National colloquialisms and idiomatic use of language should be avoided to the extent possible. Word choices and sentence constructions that might imply bias against persons on the basis of gender, racial or ethnic group membership, disability, sexual orientation, or age should be avoided.

Manuscripts accepted for publication are subject to copyediting. The online submission indicates the author’s commitment to publish in *BECE* and to give *BECE* the rights for translating and/or editing the contents if necessary. No submitted manuscripts known to be under consideration by other journals.

Judicious selection of references is an important function of the authors. Cited references should be listed alphabetically according to author, and the author’s last name and publication year should be used in the text. The full title of each paper should be given. Each citation should be checked with the original publication to avoid embarrassing errors. The system used in the Chemical Abstracts for abbreviations of journal names should be followed.

The acceptability of a manuscript cannot, of course, be finally decided until the finished product has been examined. The acceptance is contingent upon the advice of the Editor-in-Chief and our well-known editors of the *BECE*.

Correspondence relating to editorial matters should be addressed to the editorial office via online contact form.
